## GENERAL

### Submission of AIRS and CARS Reports for 2011/12 Annual Report

The Fire and Rescue NSW's Annual Report to Parliament includes statistics on response and community safety activities delivered by each fire station. This information is compiled from AIRS and CARS forms submitted by stations, and indicates to Government and the community FRNSW's workload and its performance.

To make sure that your station responses are correctly reported in the Annual Report, AIRS Incident Reports, including Attendance Reports and CARS Reports for the 2011/12 financial year should be entered on computer no later than 13 July 2012.

Reports submitted after that date cannot be included in the 2011/12 Annual Report. Any station with AIRS and CARS reports not submitted by that date will be shown as having performed fewer than its actual number of activities.
